why support nigel?

Nigel has an extensive speaking ministry around the world and has spoken on every continent to audiences from thousands to three. He is the author of "Unconditional" and the best selling "Relationships Revolution". He has a long term commitment to Scripture Union, is a director of The Vine Trust supporting work with street children and medical work in Peru; of Mission Scotland, looking at network initiatives in the workplace, and of the Pacific Partnership Trust, developing and resourcing emerging leaders around the Pacific rim.

"I am hugely impressed by Nigel's vision and energy. It is exciting that God has called this family to New Zealand and I would urge that we get behind them both financially and with prayer support."

Chris Clarke, CEO of Hawke's Bay District Health Board

"Nigel is a man of immense vision, a clear thinker and superb communicator. He is already making a significant contribution to TSCF and to Christian ministry in this nation. We are privileged to be involved in partnership with him in this work and commend him to you wholeheartedly."

Andrew Becroft, Principal Youth Court Judge of NZ

"I am delighted that Nigel has come to NZ. He has the experienced track record of building teams, leading with vision, and equipping through God's word that we need at this time. I have enjoyed watching Nigel's impact develop within TSCF and the wider Christian community."

Paul Windsor, Principal of Carey Baptist College, NZ

nigel & the family

Nigel and Ailsa moved to New Zealand at the end of 2005 with their three boys Luke 13, Jamie 11 and Craig 8. The family retain strong links with Davidson's Mains Church in Edinburgh, but are enjoying living in Wellington. They have found a warm welcome at Knox Presbyterian church in Lower Hutt.

They are all enthusiastic sports fans and support NZ when they are playing anyone apart from Scotland! They are season ticket holders at the stadium. The boys play Hockey at the Hutt Club and school, basketball, and touch and run at Olympic. Nigel has been coaching Hockey and Ailsa is involved in the church and with the parent's group at school.

"We are grateful for the many friends and family who stand with us in our work. We greatly value their prayers and financial support."

Pacific Partnership Trust

Resourcing Christian Ministry in New Zealand
Developing Leaders around the Pacific Rim

executive director

about nz...

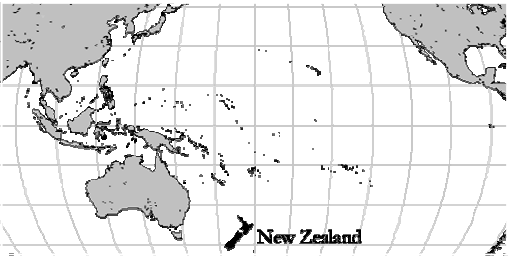

New Zealand is often described as the most secular country in the world. We want to be at the cutting edge of relating faith to secular culture.

New Zealand is a multi-cultural society with Maori, Pakeha (European), Pacific and Asian populations. Huge numbers of internationals from Asia and the Middle East are studying in New Zealand.

New Zealand is the first country in the world to experience each new day. We believe that the interaction of secular thought and Asian ideas & cultures is profoundly shaping contemporary culture. We are excited and a little daunted to be working in this crucible.

We will also have a vision to develop emerging leaders around the Pacific Rim, in public life, business and the media.

PPT wants to see the gospel engaging with Pacific cultures and biblical faith being applied to every area of life. NZ has strong connections around the Pacific rim.

the role...

national director

true witness

Nigel is passionate about helping people relate the Christian faith to contemporary culture and apply the Bible to the whole of life.

undivided life

His vision is to see the good news of Jesus transforming lives and communities in New Zealand. The particular focus of Nigel's work for the last 20 years has been with 15-25 year olds. The transition from high school to university and from university to work are immensely significant.

deep thought

Nigel has gone to NZ to be National Director of Tertiary Students Christian Fellowship, leading the staff team and providing vision and strategic direction to the work.

global reach

the challenge

"I believe that New Zealand is at the leading edge of significant changes happening around the 'western world'. We are at a watershed in history and engaging with ideas in the academic world and the marketplace is a priority in shaping the future of societies and the expression of church within them.

I also think that the Pacific is increasingly the centre of the world politically and economically and that the evangelism of the world in our generation will involve the Pacific rim churches growing a vision for the great commission as the Atlantic rim churches in a previous generation.

We engage with students to help them reach out to their friends, think about their studies, live increasingly undivided lives and develop a vision for the whole world.

We are working to grow a new generation of influence in New Zealand and networks which will support graduates at the cutting edge of public life, business, and the media here and around the world."

Nigel Pollock

We need to raise around £50,000 to cover all our costs and expenses. This could be met by 10 people giving £100 per month, 20 people giving £50 per month, 50 people giving £20 per month and 100 people giving £10 per month. We are not sure that we know this many people!!
